

NEOFUSION

Neofusion takes its inspiration from mineral matter and comes in 6 different color ways: Magma, Volcano, Ember, Stone, Terra and Sand, which can be combined with each other or with white porcelain. Each and every piece has the strength of porcelain and the look of ceramic due to a highly durable, hand-sprayed, non-porous glaze.

Neofusion shows great contrasts between its raw appearance and the dishes' refined ingredients, providing a spectacular culinary experience.

LEA

LEA features eight fresh and tangy shades in the form of round, oval or square dishes as well as a full assortment of cups.

Its vibrant colours are sealed with a thin strip over permanent enamel.

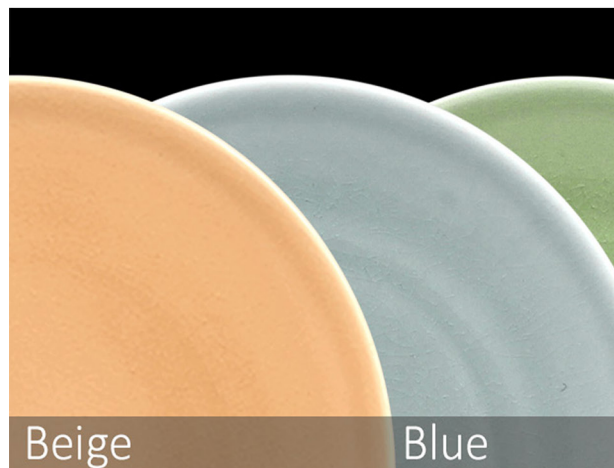

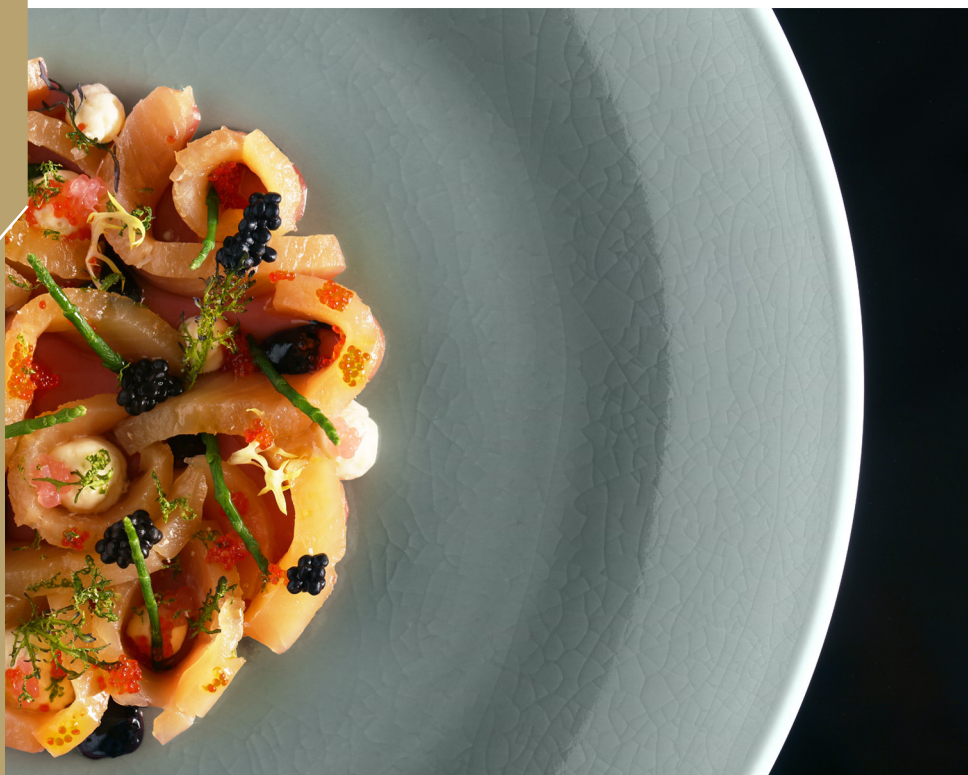

VINTAGE

Comprising dishes and rounded cups, VINTAGE lends your tables a sweet nostalgia with its translucent enamel.

Its old style crackle effect is permanent and non-porous.

Since the 1920s Falcon Enamelware has been an icon of British home life.

But as well as timeless elegance, Falcon Enamelware has enduring strength.

Enamelware is porcelain fused onto heavy-gauge steel, giving it many admirable qualities - durability, smoothness and chemical resistance. It can assume brilliant, long-lasting colours, and cannot burn. If you drop it, it may chip but it won't break. Dishwasher-safe and oven-safe up to 270°C, it can also be used on gas and electric hobs.
